interns, residents, and clinical fellows are participating in a training program of one of the accredited medical schools, or of one of its affiliated teaching hospitals in Tennessee, performing duties assigned to meet the requirements of such program, and while under the supervision and control of a physician fully licensed to practice medicine or surgery in the state of Tennessee. No such intern, resident or clinical fellow is permitted to practice medicine or surgery outside of his duties and responsibilities in such training program without being fully licensed to practice medicine or surgery in the state of Tennessee;

(A) It is the responsibility of the program director or the dean responsible for the training program to apply to the board for an exemption for each such medical intern, resident or clinical fellow. Moreover, it is the responsibility of such program director or dean to notify the board of the termination of the applicant's participation in the training program, whether by completion of the program or for any other reason;

(B) The board may impose a fee, to accompany each application for exemption.
